14TH CHARITY GOLF TOURNAMENT

To have known Traci Bruno was to know the true meaning to "live laugh love". Although her journey here on earth was unfairly cut far too short, she left an everlasting impression on all whom she crossed paths with. She was an amazing daughter, sister, aunt, friend, fiancée, and most greatly of all, she was an amazing mother.

Traci was an incredible warrior through all of her lifelong health tribulations, which started at an early age. Her resiliency was that of no other. Even through her trials and struggles of her cancer journey, she never complained about her ailments and always fought each and every day with the same fierceness and zest she lived her everyday life by.

Above most all, Traci was an amazing mother to her two children, 18 year old Thai-ler and 6 year old Addyson. They were the single driving force behind her colossal fight for survival, even when the odds were against her. Together, Thai-ler and Addyson were her entire world. Everything she did, she did for them. Now, Thai-ler and Addyson are left to us as her greatest gift of life.

There is so much of Traci in both of her children, each in their own special and unique way. Proceeds will be going to a trust for the children's future.

There are some special people that bring so much light into our lives, that even after they are gone, their brightness continues on. Look up in the sky on a clear summer's night, and there you will see that Traci's eternal brightness is still shining down on us today.

We are asking for your support. If you can't join us golfing, please consider donating.
